objective

As a near future **Computer Engineering** graduate from Istanbul Technical University who ranked **top 0.1%** in the National University Entrance Exam, I am highly motivated to work as a **Java Engineer**. I am available to work **full time** for your company.

education

B.Sc., **Computer Engineering** - Istanbul Technical University, 2013 - June 2019 (Expected)

experience

Java Development Intern

adesso Turkey, July 2018 – Aug 2018

As a member of the **global team**, developed **back-end** functionality of a Java Web project. The project is a **candidate assessment system** that will assist the HR department to identify the best performing candidates.

Technology stack: Java, Spring Framework (Spring Boot, Spring Security, Spring Batch), Hibernate, SQL, RESTful Web Services, Maven, Lombok, Quartz, JSON, IntelliJ, Swagger UI, Postman, Sourcetree, Git / Github

Android Development Intern

Istanbul Technical University, June 2018 – July 2018

Worked as an Android Developer in an **innovative wearable technology project** under the supervision of Asst. Prof. Gökhan İnce. Developed an **Android application** that provides **real time visual information** to the user. My graduation project on **artificial intelligence** is continuum of this project.

Technology stack: Java, Android Studio, C/C++, Arduino

Research Development Intern

Medianova CDN, Jan 2018 - May 2018

Research Development Team Lead & Board Member
